Edit 'My Favorites' List

First, click the Radio Button next to the Link you wish to edit. You may then select a new link from the 'Choices' list, or enter new Text and URL in the 'Text' and 'URL' fields. Finally, click on an 'Action' button next to the 'Choices' list to add your Choice to the Link list, or click an 'Action' button next to the Text/URL fields to update with these values. To insert a new Link ABOVE the marked one, click on 'Insert'. To replace the marked Link with the new one, click on 'Replace'. To add a new Link BELOW the marked one, click on 'Add'. To delete the marked Link, click on 'Delete'.

Instructions:

To Edit the Menu on Display:

Click the Radio Button of a Menu Item you want to work with, then click:

- * 'Add' to add a new item following the selected one
- * 'Insert' to insert a new item before the selected one
- * 'Change' to modify the selected item
- * 'Delete' to remove the selected item

To Move an item to another position, select the source item via the Radio Button, enter the destination position in the 'To' field provided, and click 'Move'. The source item will be moved to the location immediately preceding the destination item.

To Swap two items, select one item via the Radio Button, enter the other item position in the 'With' field provided, and click 'Swap'.

FIG. 11

Menu Item Editing Interface

The Menu Item you selected has been disassembled into its text and hyperlink components. To edit a text or hyperlink segment, click the Radio Button next to the segment you wish to edit. You may then select a new link from the 'Choices' list or enter new Text and URL in the 'Text' and 'URL' fields. Finally, click on an 'Action' button next to the 'Choices' list to add your Choice to the menu item, or click an 'Action' button next to the Text/URL fields to update with these values. To insert a new link ABOVE the marked one, click on 'Insert'. To replace the marked Link with the new one, click on 'Replace'. To add a new Link BELOW the marked one, click on 'Add'. To delete the marked Link, click on 'Delete'. If you leave the URL field blank, the segment is treated as regular text. Use '
' in a text string to force a line break. When finished, click on 'Return' to return to the 'Menu Editing Interface'.
